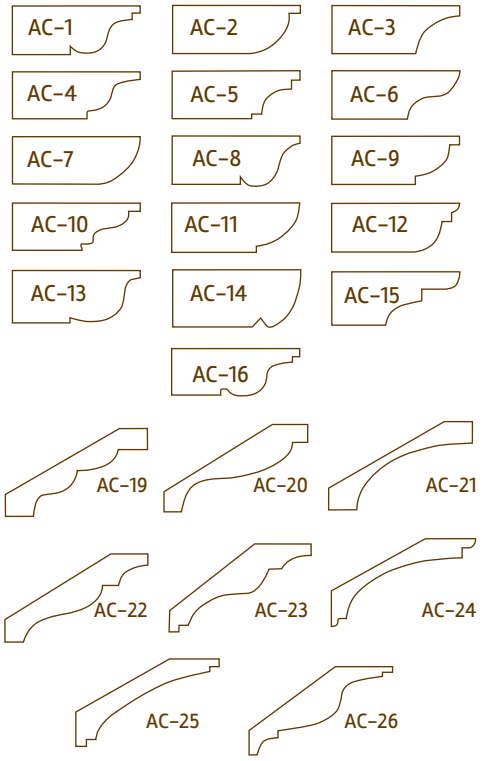
CORBEL & KNEE BRACES

Among the milling services offered by All-Coast is our ability to put details on the end of Douglas Fir, Western Red Cedar and Redwood Timbers.

We can also provide corbel and knee brace services for customers who have their own design details.

The following are the standard pattern of corbel and knee braces we offer:



SALES DELIVERY AREA

All-Coast schedules regular distribution to our network of retailers throughout northern and central California and northwestern Nevada.

SHIPPING

We ship orders of any size, from a single piece of custom-milled specialty wood to multiple truckloads of lumber. We process orders throughout the day and our expert staff will get your order on its way, on time.

THE ALL-COAST TEAM

Our experienced team commited to exceeding your expectations of service, quality, product mix, industry knowledge and assistance in finding solutions.

JUST-IN-TIME MILLING

Milling orders are processed quickly to meet our customers' needs.

We only source grade-certified materials for our custom manufactured products.

Our certified lumber graders assure you get the exact quality grade lumber products you specify.

All quality, all the time
